NOTICE OF ALLOWANCE

This is a Notice of Allowance in response to Amendment filed 3/1/2006.

Claims 1-15 have been cancelled.

Claims 16-21 are allowed. Renumbered as Claims 1-6.

Objection of Claims 16-21 is hereby withdrawn in view of the Amendment to the claims.

Rejection of Claims 16-21 under 35 U.S.C. 112, second paragraph, is hereby withdrawn in view of Applicant's persuasive arguments and further in view of a telephone conference with Michael Ure, attorney for Applicant, clarifying the limitation "at least partially simultaneous" recited in claims 16, 19, 20 and 21.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior arts of record taken alone or in combination fail to teach, anticipate, suggest or render obvious the claimed invention, for a method and apparatus for a testable electronic device, as recited in the independent claims 16 and 20, which include among other limitations, "serially communicating first test data between a first shift register and a first test data channel and at least partially simultaneous therewith, serially communicating second test data between a second shift register and a second test data channel; and parallelly communicating the first test data between the first plurality of test arrangements and the first shift register and at least partially

simultaneous therewith, parallelly communicating the second test data between the second plurality of test arrangements and the second shift register”.

Consequently, Claims 16-21 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
